

HAS A HEALTHY TONE

Great Improvement in the New York Exchange.

BANKS RELIEVE THE STRAIN

By Depositing Government Bonds in the Treasury--Leading Operators Purchase Freely.

New York, Aug. 2--Money on call has been easy, closing offered at 3 per cent.

Post rates, \$1.81 & 43¢.

Government bonds have been steady. The improvement which set in at the stock exchange yesterday had further progressed today. The heavy importations of gold and the movement on the part of the national banks of this city to take out new circulation by depositing government bonds with the treasury department at Washington have relieved the strain in financial circles and are mainly responsible for the sharp recovery in both the stock and bond market. The rise in the former day was assisted by purchases for the stock market leaders who saw the opportunity of making a profitable turn at the expense of the shorts. The largest advances were 9% in Chicago via, 7% in Pittsburgh & Quincy, 6% in Northwestern, 6% in Lake Shore, 6% in Western Union, 6% in Rock Island and Milwaukee and 5% in St. Paul.

New York Produce

New York, Aug. 2--Frogs--More active, steady; winter wheat, low grades, \$1.65, 24¢ per bushel.

Rice--August, 60c; September, \$0.95; October, 67c.

Local Markets.

The market of yesterday in farm produce changed slightly, wax beans rising from 35 to 40 cents per bushel.

Apples running from 75 cents to \$1 per bushel.

Wheat remained the same yesterday, but today it will rise from 30 to 34 cents per bushel.

The drop of pork prices in Chicago will not affect the local market for some time and probably not at all.

Skookum Root Hair Grower.

What is the condition of yours? Is your hair thinning, balding, or falling out? If so, what is the cause?

It is the result of a deficiency in the blood, or a nervous condition.

It may be caused by the following causes:

1. Deficiency of the blood.

2. Deficiency of the nerves.

3. Deficiency of the glands.

4. Deficiency of the skin.

5. Deficiency of the hair.

6. Deficiency of the scalp.

7. Deficiency of the brain.

8. Deficiency of the heart.

9. Deficiency of the liver.

10. Deficiency of the kidneys.

11. Deficiency of the spleen.

12. Deficiency of the lungs.

13. Deficiency of the intestines.

14. Deficiency of the kidneys.

15. Deficiency of the liver.

16. Deficiency of the heart.

17. Deficiency of the lungs.

18. Deficiency of the kidneys.

19. Deficiency of the liver.

20. Deficiency of the heart.

21. Deficiency of the lungs.

22. Deficiency of the kidneys.

23. Deficiency of the liver.

24. Deficiency of the heart.

25. Deficiency of the lungs.

26. Deficiency of the kidneys.

27. Deficiency of the liver.

28. Deficiency of the heart.

29. Deficiency of the lungs.

30. Deficiency of the kidneys.

31. Deficiency of the liver.

32. Deficiency of the heart.

33. Deficiency of the lungs.

34. Deficiency of the kidneys.

35. Deficiency of the liver.

36. Deficiency of the heart.

37. Deficiency of the lungs.

38. Deficiency of the kidneys.

39. Deficiency of the liver.

40. Deficiency of the heart.

41. Deficiency of the lungs.

42. Deficiency of the kidneys.

43. Deficiency of the liver.

44. Deficiency of the heart.

45. Deficiency of the lungs.

46. Deficiency of the kidneys.

47. Deficiency of the liver.

48. Deficiency of the heart.

49. Deficiency of the lungs.

50. Deficiency of the kidneys.

51. Deficiency of the liver.

52. Deficiency of the heart.

53. Deficiency of the lungs.

54. Deficiency of the kidneys.

55. Deficiency of the liver.

56. Deficiency of the heart.

57. Deficiency of the lungs.

58. Deficiency of the kidneys.

59. Deficiency of the liver.

60. Deficiency of the heart.

61. Deficiency of the lungs.
